

CYBER SECURITY SERVICES FOR AIRPORTS

Based on our extensive experience of supporting IT systems in airports in Europe and North America, ServiceTec has developed world-leading expertise in this sector.

Our Cyber Security services assist the aviation industry in defending itself against the modern world of cyber and IT attacks as well as help airports to comply with the increasing regulatory environment.

OUR CYBER SECURITY SERVICES INCLUDE:

Cyber Security strategic consultancy & policy development

Information security training & staff development

Information security assessment & testing

Assessing your airport's resilience against cyber attack

Expert assistance and qualified auditors for the CAA ASSURE program

Vulnerability assessments & penetration testing

OUR CYBER SECURITY SERVICES CAN HELP YOU DELIVER:

- ✓ Robust and thorough Cyber Security policies for your airport
- ✓ Bespoke cyber health checks specific to your environment
- ✓ Tests on the robustness of your airport against cyber attacks
- ✓ Cyber Security improvement planning and road maps
- ✓ Staff training programs, including Cyber Essentials assessments
- ✓ A Cyber Security-focused culture for your airport and it's people
